## Investment Guidelines

All investments must comply with the Retirement Pensions Act, the directives of the MFSA, and the investment policies and restrictions set by the RSA. To assist a Member in ensuring that investments are appropriate for their retirement plan, Sovereign has produced the following guidelines:

- Investments may be made into a range of product wrappers and directly into funds. Investments may also be made via platforms or using the services of discretionary investment managers.
- Investments must be liquid.
- Investments must be diversified in such a way as to avoid accumulations of risk in the portfolio as a whole.
- Investments may be made via recognised exchanges in stocks, funds, bonds, shares and other securities, cash, money market instruments and structured notes.
- Fixed deposit interest accounts are permissible, provided they include a break-out clause of 30 days or less. Additionally, no more than 50% of a Member's portfolio can be invested with a single provider. Any requests that do not meet these criteria must include a rationale and will be escalated for review and approval.
- Retail Collective Investment Schemes ('CIS') and Exchange Traded Funds ('ETF') are permitted, provided that exposure to any single ETF or CIS is limited to a maximum of 50% of the portfolio value.
- Investments in individual corporate or government bonds and equities are allowed, provided no more than 20% of a Member's total portfolio is allocated to any single holding at the time of investment.

- Unless a Member is classified as a Professional Member\*, only retail investments will be accepted and investments into expert, professional or sophisticated collective investment funds are not permitted.
- Unregulated collective investments, any broker funds, cryptocurrencies, cryptocurrency ETFs, and Initial Coin Offerings (ICOs) are prohibited.
- Investments in funds that contain exit charges are not permitted.
- Funds deemed to have a high expense ratio/ongoing charges figure (over 2%) are not permitted unless the total portfolio TER is below 2%.
- Structured notes are permitted, provided they meet the following criteria:
  - Not more than 30% of the total pension fund value of the Member's account may be invested in structured notes
  - Not more than 20% may be invested in structured notes with one issuer
  - Major indices only (no single equities or sectors)
  - Minimum 30% barriers
  - Minimum rating of BBB by Standard & Poor's, Moody's or Fitch
- Loans to Members or connected parties are not permitted.
- The purchase of residential property is not permitted.
- Options, futures, swaps, forward rate agreements and other derivative contracts will not be permitted except for risk hedging purposes.
- Investments in private equity and Contracts for Differences will not be permitted.
- Investments in new products will have a maximum commission cap of 3%. Any recommendations with commissions exceeding this 3% threshold will be rejected. Furthermore, investment lock-in periods will be limited to a maximum of five years. The RSA may request the adviser's suitability report signed by the Member before proceeding with the switch.

If there is insufficient cash in the investment transaction account to cover annual fees, the RSA will sell the largest liquid asset in a Member's pension fund. If alternative arrangements are needed, the RSA must be notified as soon as possible.

\*As defined in the Pension Rules for Personal Retirement Schemes Issued in Terms of the Retirement Pensions Act, 2011.

## Investment Objectives

The investment objective of the Rinella Retirement Benefit Scheme is to accumulate a trust fund from which to provide benefits in retirement. Investment restrictions apply (for full details please refer to the Scheme Particulars provided) and under applicable regulations in Malta the RSA shall ensure compliance with the said investment restrictions. The following information is required to assist the RSA in determining the preferred investment strategy. Please tick the relevant box:

- ☐ I am very uncomfortable with any risk and accept that my capital may be eroded by inflation.
- ☐ I am prepared to take a small amount of risk to provide for the potential for growth over the medium to longer term.
- ☐ I am comfortable with risk and prepared to take a longer term view. This may mean the overall portfolio value fluctuates over the medium term however provides for the potential for growth over the portfolio over the long term.
- ☐ I am very comfortable with risk and willing to accept volatility in the portfolio value in order to provide for the potential for higher returns over the long term.

Members are reminded that past performance shall not necessarily be a guide to future performance and that the value of investments can go down as well as up. The value of investments denominated in foreign currencies may be influenced by changes in exchange rates.

## Risk Profile

Please tick the box that applies to you:

Risk Category    Typical Characteristics

- ☐ **1 Lower Risk**  
Members in this category are conservative with their investments. They prefer taking a small amount of risk to achieve modest or relatively stable returns. They accept that there may be some short term periods of fluctuation in value.
- ☐ **2 Lower to Medium Risk**  
Members in this category are relatively cautious with their investments. They want to try to achieve a reasonable return, and are prepared to accept some risk in doing so. Typically these portfolios will exhibit relatively modest yet frequent fluctuations in value.
- ☐ **3 Medium Risk**  
Members in this category are balanced in their attitude towards risk. They do not seek risky investments but do not avoid them either. They are prepared to accept fluctuations in the value of their investment to try and achieve better long term returns. These portfolios will be subject to frequent and at times significant fluctuations in value.
- ☐ **4 Medium to High Risk**  
Members in this category are relatively comfortable with investment risk. They aim for higher long term returns and understand that this can also mean some sustained periods of poorer performance. They are prepared to accept significant fluctuation in value to try and achieve better long term returns.
- ☐ **5 High Risk**  
Members in this category are very comfortable with investment risk. They aim for high long term investment returns and do not overly worry about periods of poorer performance in the short to medium term. ## Benefit Election Form (only to be completed if you require immediate benefit from your pension on transfer)

There may be restrictions on how benefits are taken. This will depend on a number of factors and may include the country of origin of your pension transfers, your age and your current country of tax residency. Please contact your appointed investment adviser for further details.

You are strongly advised to seek independent tax advice on the implications of how you take benefits from your pension. Payment from your pension fund will be considered as income in the year of receipt. Drawdown payments may be taxable in Malta and your country of tax residence. The pension commencement lump sum may also be taxable in your country of tax residence.

Please ensure that you read this form carefully, together with any corresponding annotations.

Note that pension payments can only be made once this Benefit Election Form has been received in a Sovereign office in original or alternatively signed with an acceptable electronic signature (e.g. DocuSign, Adobe Sign) accompanied by the respective digital certificate of completion.

## Benefit Declaration

I hereby request that the benefits indicated in this form are paid to me.

1. If I elect now, or at any time in the future, to take capped drawdown in preference to PCLS, I waive the right to any future PCLS at a future date. If I elect to take a reduced PCLS which is less than the maximum calculated at determination, I will have 12 months from the point I was in receipt of the reduced PCLS to utilise any unused PCLS. If I elect to take a reduced PCLS which is less than the maximum calculated at the determination date and choose to take capped drawdown, I will waive the right to any residual unused PCLS.
2. I understand that it is my sole responsibility to declare any income I may receive from the scheme in the country in which I am tax resident. I hereby provide a full and unconditional indemnity to Sovereign Pension Services Limited ("the Trustee") for any tax liability, interest or charges which may occur and be levied on the Trustee as the result of any false or incorrect declaration I have made which ultimately results in such a liability imposed by any tax authority in any country.
3. I accept any third party bank charges payable in connection to the benefit payment to be made to my bank account.
4. I accept that if I withdraw a significant amount from my invested funds, investment provider charges and fees may still be based on the premium invested. I am also aware that early surrender penalties may apply if surrendered within any stated "lock in" period.

I hereby make this benefit election subject to and in accordance with the rules and the terms and conditions of the scheme.
