Why do Chinese clients choose the UK for Permanent Residence?

Many reasons from tax to time zones, but really because of the UK's three fundamental strengths:

- **Language**

English, the adaptable, international language for trade, learning & travel

- **Law**

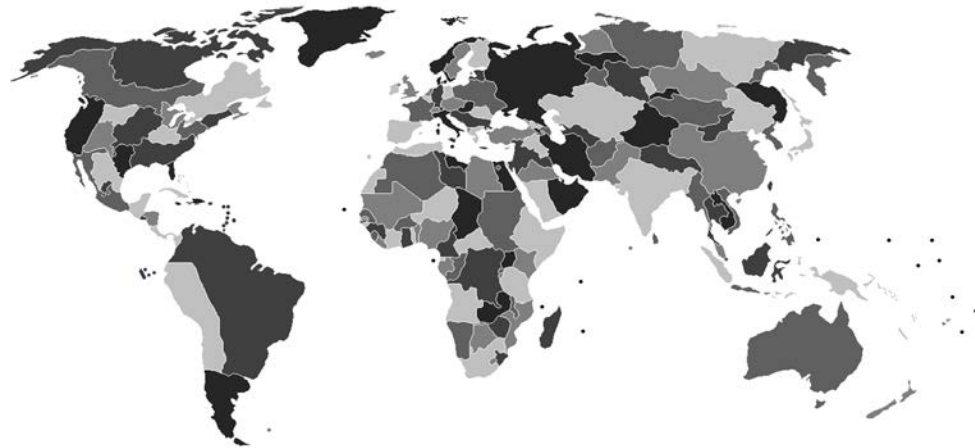

legal system that has underpinned a 1,000 years of stability, growth & financial system

- **Learning**

world-beating private school system, and 4 of the global top 10 universities!

We know that Chinese clients have a Global choice

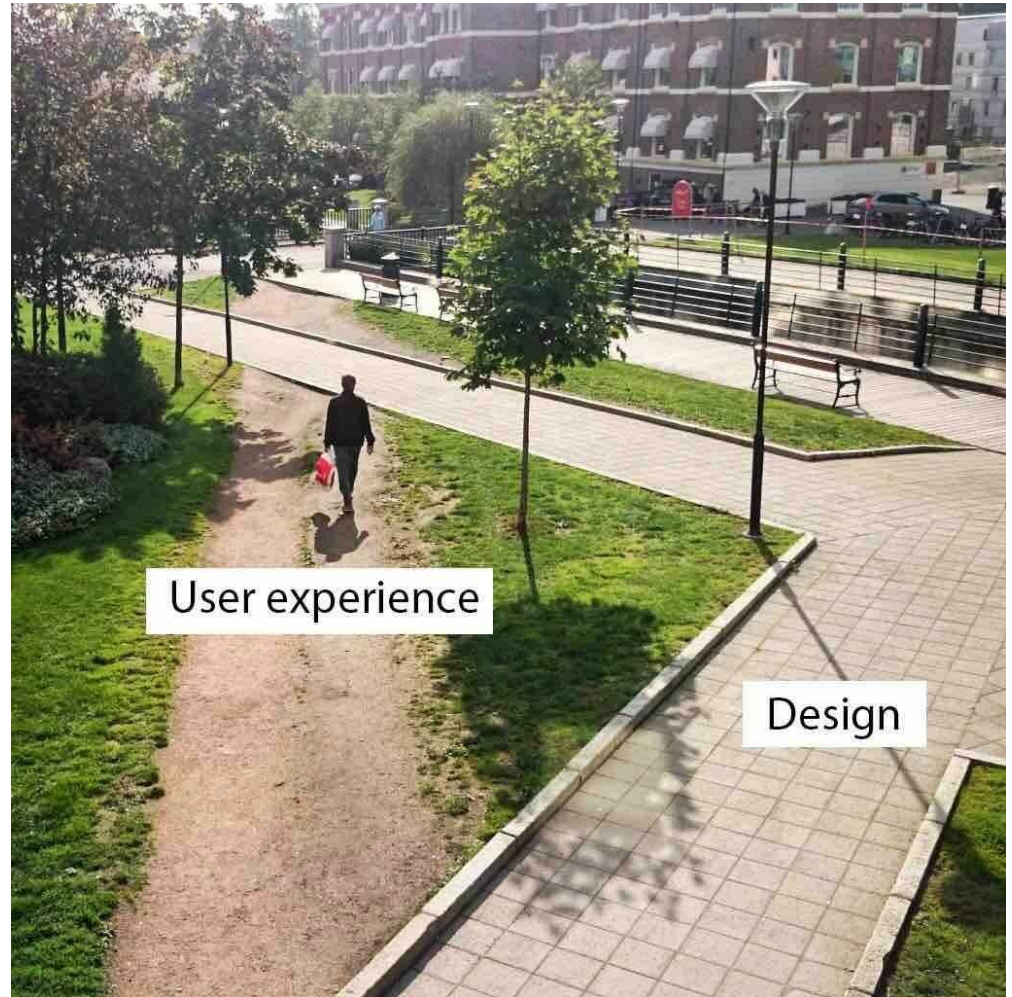

- Global competition from over 60+ schemes from Europe, Americas and Caribbean
- New entrants every day from as little as €30,000
- Big challenges for USA programme: FATCA, CRS and waiting lists
- Post BREXIT, EU citizenship/residency may not guarantee UK residency in the future
- BREXIT has created a global opportunity to have a clear UK identity

So we wanted to
create the best
program in the
world

by learning from
our Chinese
clients' experience

and here it is.....
